notes

All prices are based on colors kept in stock at the shop. All custom colors, depending on color, will carry a custom charge.

Any additional customization i.e. airbrushing, powder coating, seat customization, custom logos, etc. will also carry a charge. Priced per instance.

other really interesting notes

*Any additional work that must be done to any item to be dipped—like washing mud off of plastics and rims will cost additional. All prices are non-royalty films only. Only Mossy Oak carries Royalty.

*Mossy Oak royalties. Here is a vague breakdown. Please call us for more detailed: Small—\$5. Medium—\$15. Large (ATV's, etc) - \$50

*Sometimes stretching and seaming will occur during dipping depending on the shape and size of items. Please understand that this is typical. Most items do not have these issues, but it is our duty to make sure clients are aware of the possibility.
